Intro

[C] (*until ready*)

Go [C] north, go [C] north with [G] wings on your [C] feet
Go [C] north with the [C] wind where the [Dm] three rivers [G] meet
There's a [Am] clearing of [Em] sorts in the [F] circle of [C] trees
Where the [C] wild constell - [F] ations shine [G] one, two, and [C] three
[F] Look [F] all a - [G] round you and [C] see
[F] Deep in the [C] forest, there [G] dragons will [C] be

They [C] come from the [C] earth, yes, they [G] come from the [C] stone
The [C] icy cold north, that's [Dm] where they call [G] home
[Am] Go where the [Em] mountain [F] kisses the [C] sea
[C] Better be [F] brave, far [G] braver than [C] me
[F] Look [F] all a- [G] round you and [C] see
[F] Deep in the [C] forest, there [G] dragons will [C] be

If a [C] dragon should [C] find you, you [G] might ought to [C] run.
No [C] one has lived [C] through such a [Dm] run in, not [G] one
So if [Am] you hear a [Em] roar, goodness [F] sake, leave them [C] be,
[C] Up where you [F] find them [G] wild and [C] free
[F] Look [F] all a - [G] round you and [C] see
[F] Deep in the [C] forest, there [G] dragons will [C] be
[F] Look [F] all a - [C] round you, you [G] won't find [C] me!
